

HARD CANDY RETRO

BY: KENNEDY CULVER_

CONCEPT

THEME

The theme of this photoshoot is retro and abstract. The color palette would be pinks, purples, mustard yellows, light blues. It will be fun but the focus would be on lines and how the body flow with clothing. We would accentuate this with mirrors. It will also focus on the eyes of the model and how one could speak with just their eyes. With one look, eyes can be sharp, happy, or sad.
